THE HIBERNIAN SUPPER.—The fine-toned piano used by Professor O'Neale at the Hibernian Society supper, on Monday, was lent for the occasion by Mr. Henry Siegling, of Beaufain street. It added largely to the pleasures

NASHVILLE INDEPENDENT BLUES .- At the regular annual meeting of the Nashville Independent Blues, held on the 4th of March, 1872, the following gentlemen were elected to serve for the ensuing year: J. Larkin, president; J. S. Lazarus, vice-president; J. Colman, re-lected, treasurer; J. M. Jones, secretary. Standing committee -F. E. Rames, J. C. Ford, J. Evans. Relief committee-Y. Marshall, R. Dickerson, B. White. J. Fennick,

A NEW RICE CLEANER .- A working model of Geer's Cylindrical Rice Cleaner or Beater will be exhibited at the workshops of John F. Taylor & Co., where it was built, at half-past two o'clock to-day. This machine is the invention of Mr. D. L. Geer, of Lake City, Florida, and is especially intended for country and farm use. It is compact, portable and easily worked, and the inventor is confident that it will be found of great value to rice producers. All persons who are interested; in the subject are invited to witness the trial to-day.

AN INCENDIARY AT WORK .- At eleven o'clock yesterday, a fire broke out in the kitchen on the premises of Mr. Bligh, in King street, opposite Columbus. The flames were discovered fortunately before they had made much headway, and were extinguished with but little damage to the building. The fire originated in the partition between two rooms, and, on investigation, several sticks of charred lightwood were found in the hollow space. The facts showed at once the act of an incendiary, and the matter will be investigated ..

EXECUTIVE APPOINTMENTS .- The Governor has appointed John Martin, of York County, a trial justice, vice — Gaffaey; M. H. Ferguson, deputy surveyor of Spartanburg County; H. C. Corwin, auditor of Newberry County.

The following persons have been appointed trustees of the "State Agricultural College and Mechanics' Institute," located at Orangeburg: Judge A. J. Willard, Columbia; J. J. Wright, Beaufort; Hon. John Wilson, Anderson; W. D. Harris, Columbia; Gilbert Pillsbury, Charleston; Benjamin Byas, Orangeburg; R. J. Donaldson, Cheraw; C. W. Wilder, Columbia: H. W. Duncan, Spartanburg.

THE WAGENER ARTILLERY BALL.—The long expected ball of the Wagener Artillery Club takes place this evening, at the Concert Hall of the Academy of Music. As the first ball of a gallant company, it has created much excitement among the young people, and a brilliant affair is anticipated. As the hosts will all appear in the handsome naiform of their club, they will be pleased to receive their military visitors in the uniforms of their respective clubs. Those who have not yet provided themselves with tickets will find out where to get them by consulting the advertisement in another column. The tickets are net transferable.

A RAILBOAD FOR SALE .- One of the most important auction sales that has taken place in this city for many months will be the sale of the entire property of the King's Mountain Railroad Company, under a foreclosure of a mortgage held by Messrs. Thecdore D. Wagnewand Asbury Coward, trustees. The property will be sold at eleven o'clock this morning, at the foot of Broad street, by Mr. H. H. DeLeon, and the sale will be positive. The road is twenty-three miles long, and the iron on the road alone is worth as old iron from sixty to seventy thousand dollars. The sale promises to afford an opportunity for a capital investment, as the road last year returned a net income equal to ten per cent. on eighty thousand dollars.

A LESSON IN PUTTING OUT FIRES .- With the consent of General Getty and Mayor Wagener, Chief Nathan will give next Thursday afternoon, on the Citadel Green, a public exhibition of the virtues of his new Babcock Fire Extinguisher. To test the merits of this wonderful machine, a large fire of rosin barrels, filled with the drippings of the rosin, will be lighted, and when burning at its fullest height will be extinguished by the machine in the hands of a single man. The materials above mentioned make the flercest of fires, and have been kindly furnished for the purpose by Messrs. T. T. Chapeau & Co., from their turpentine distillery, near the Forks of the Road. The exhibition promises to be one

A CAPITAL CURIOSITY .- Yesterday morning the head and neck of a white buck, killed on Caper's Island by a colored man, was on exhibition at the office of Messrs. Wardlaw & Carew, on Broad street. The buck was of a pure white color over his whole body, and this uncommon circum tance induced Dr. Leland. of Mount Pleasant, who saw it, to send the head down to Mr. John H. Happoldt to be cured and stuffed. The animal had, unfortunely, just shed his horns, but the velvets and the size of the head show he must have been an old buck of large size. Owing to the absence of Mr. Happoldt from the city, Professor Holmes kindly offered to take charge of this curious specimen, and attend to it. The professor expressed his regret that the whole skin of this rare animal was not preserved.

CLUBS AND STARS .- Fortune Jenkins, arrested for working as a stevedore without a license, was referred to the city recorder for

Hudson Brown, an officious boy who wanted to take a passenger's valise by force and carry it for him to the Northeastern railroad depot; was sent to the House of Correction for ten

Jeanette Washington, a colored girl, who was lodged at the request of her mother for attempting to run away with her dusky inamorata, was referred to a trial justice for in-

Two white and two colored inebriates, arrested for various stages of noisy to helpless intoxication, were each fined one dollar, and all paid up.

#### YESTERDAY IN COURT.

The United States Court. In the District Court, before Judge Bryan, the argument in the case of Farmer vs. Sanders was heard all day, and at 3 o'clock P. M., the court adjourned to meet again at 5 P. M.,

and finish the case. In admiralty, the judge gave his decree in the case of J. Murphy, et al, vs. the British ship Bedington. Libel for seamen's wages. The libel was dismissed on the ground that the case being between a British ship and British seamen, the United States Court of Admiralty would only intervene in a case of hardship, and that the present case did not show any hardship which would warrant such

The State Court. In the Court of Common Pleas, before Judge Graham, the case of L. P. Wagener vs. Huat Brothers & Co. was taken up, and the court was occupied up to the hour of adjournment in hearing the testimony of the first witness

for the defence.

The following cases are fixed for to-day: Wm. Preston Dowling vs. James G. Padget; E. Geoding vs. J. A. Quackenbush; Caroline L. Miller vs. Charles H. Simonton; Thomas Rivers, administrator, vs. the Charleston Mining and Manufacturing Company; Jas. M. Allen vs. Richard H. Cain; Peter Kornahrens vs. C. L. Kornahrens; S. S. Solomons vs. B. Schur; Gustavus Poznanski, executor, et al, vs. T. M. Cater.

THE LEE SOCIAL CLUB .- The inaugural meeting of this club was held at their rooms, corner King and Liberty streets, last evening, when the following gentlemen were unantmously elected to serve for the ensuing year: David C. Marsh, president; C. W. Seignlous, Jr., senior warden; Chas. Pennal, junior warden; J. Russell Baker, secretary; Thomas L. Webb, Jr., treasurer; Chas. T. Kinloch, John P. Devereux, stewards.

TELEGRAPHIC ENTERPRISE. - The Southern and Atlantic Telegraph Company yesterday completed their second wire to Charleston, which gives them a double line of telegraphic communication with Washigton, Philadelphia, New York, Boston and all the Northern cities. This affords the new and flourishing company most admirable facilities for the prompt transaction of business, and will enable them to satisfactorily meet the demands upon them, which their deserved and growing popularity has made.

ONE EXPLOIT OF SHERMAN'S BUMMERS.-A Kansas exchange has seen a Bible with the following inscription, in which one James L. Brown, whoever he may be, has seen fit to chronicle his own contemptible conduct upon a certain notable occasion: "This Bible was taken from a fine mansion belonging to a widow lady in Orangeburg District, South Carolina, on Monday, February 13, 1865, the time that General Sherman marched through that district. A little girl begged me, with tears in her eyes, not to take it, as it was the last family relic of a deceased aunt of hers, who had died insane in the asylum at Columbia, the capital of South Carolina. James L. Brown, Co. D, 49th O. V. I., 2d Brig., 2d Div., 15th A. C. I carried this Bible in my knapsack over fifteen hundred miles."

ENTERPRISE UNDER DIFFICULTIES .- With a characteristic energy which would do credit to the recuperative spirit displayed in Chicago after her similar disaster, Mr. R. M. Stokes, the enterprising proprietor of the Unionville Times, whose entire establishment was destroyed in the terrible fire of last Thursday, is in town to make arrangements for continuing, without interruption, the publication of his lournal. Mr. Stokes had, at the time of the disaster; nearly completed arrangements for refurnishing his office with improved machinery and material, and he has now determined, notwithstanding the terrible financial blow inflicted by this fire, to be prepared on Friday next with the usual issue of his paper as a matter of justice to his subscribers and advertising patrons. Such energy deserves success, and Mr. Stokes and his flourishing paper certainly deserves the hearty good wishes of his host of friends

CRUMBS.-The weather, vesterday was delightful.

Mr. L. C. Carpenter, editor of the Columbia Union, is in town.

The Columbia municipal election takes place on April 2.

HON. M. P. O'CONNOR IN AUGUSTA -The Augusta papers are very complimentary in their accounts of the address delivered by the Hon, M. P. O'Connor, of Charleston, on Monday evening last, upon the life and times of Bishop England, for the benefit of the charity

fund of the St. Vincent de Paul Society of Augusta. The Constitutionalist says: The honorable gentleman is by no means a stranger to the citizens of Augusta, as there are many who have before listened to his eloquence, and he is widely known in the vicinity as a gentleman of high culture and rare in-tellectual gifts. The eloquent eulogium that he pronounced upon Bishop England was a deserved one, and was perfectly in conso-nance with the teelings of his audience, as was shown by the frequent and prorracted ap-plause by which he was constantly interrupted. His graceful and appropriate tributes of reto the land of the bishop's adoption, his feeling references to its enlightened institu-tions and franchise elicited the approbation of all. In short, the whole address was replete with noble thoughts, clothed in the most chaste and glowing diction, and the impres-sion let upon his audience was one highly favorable to the orator and the occasion. We

CHARLESTON'S MERCHANT MARINE, Arrival of the New Iron Steamship George W. Ciyde, from Philadelphia.

Another welcome addition to the fleet of merchant steamers plying between this port and Northern cities arrived here yesterday, in the shape of the new and elegant iron serew steamship, George W. Clyde, of the Philadelphla and Charleston live, consigned to Mr. William A. Courtenay. This vessel was launched about two months ago from the yard of Messrs. William Cramp & Co., machinists, Philadelphia, and cleared for this port last Saturday with a ft. . freight ilst. The Clyde is built upon the most approved and modern models of naval architecture, and is intended to combine all of the valuable improvements recently made in this line. She is a propeller steamer, with a carrying capacity equal to the bulk of about twenty-two hundred bales of cotton on a draft of twelve to fourteen feet, fitted with the English compound engines, and was built for Mr. Thomas Clyde, the famous shipper of Philadelphia, and one of the largest steamship owners in the world. Mr. Clyde has done much, by means of his splendid first of steamers, toward developing the resources and furthering the interests of Charleston, and this latest contribution to the means of commercial communication will tend still further to increase the carrying trade of Charleston and enhance her importance as a shipping port. The Clyde has her berth at Union wharf, and will be open for exhibition next Friday morning.

City Registrar. Fowl Phay.-Last evening, about six o'clock, Hector Gardener, a colored youth of light fingered propensities, was arrested on the charge of depleting several chicken roosts about the city. Hector pleads not guilty, and is held for examination.

A FREE FIGHT .- Yesterday afternoon a row occurred at the Northeastern Depot among the backmen, caused by the refusal of one of them to move his vehicle at the order of Clubs and Stars. The latter attempted to arrest the refractory hackman, when a free fight ensued. One hackman was severely bruised on the head, another was badly cut in the same place, The above are all made at his own factory on and the fight was over as quickly as it had started. The parties all took out warrants for each other, and the case is to be investigated before a trial justice.

THE STEVEDORE QUESTION .- The carrying out of the resolution of Council to arrest all persons doing business as stevedores without a license, has brought up the question as to who are and who are not stevedores. The matter is one of importance to the city and the workingmen, and will be thoroughly investigated on Thursday before the city recorder. All the licensed stevedores have been summoned, and those who have been arrested for doing business without licenses will also be present at the investigation ..

A QUEER FISH .- Yesterday afternoon, a reeling votary of Bacchus lost his equilibrium near the bridge in Rutledge street, and was precipitated headlong into the mud and water below. His futile flounderings and tremen dous splashings created quite an excitement among the bystanders, but at length the unlucky soul was assisted out, and rose "in all the majesty of mud" to the sidewalk. The sufferer walked much better after his bath, and seemed to have exchanged his muddy brain for his outside plastering.

THE WASHINGTON RIFLE CLUB. -At the anniversary meeting of the Washington Rifle Club, held at their hall last evening, the following officers were elected: S. G. Horsey, president; C. W. Stiles, first vice-president; E. R. Walter, second vice-president; J. M. Nelson, third vice-president; D. L. Glen, Jr., secretary; P. Fallon, treasurer; J. L. Bonnell, armorer; P. B. Lalane, first warden; D. S. Jones, second warden; R. J. Morris, third warden; E. N. Jeannerett, fourth warden; H. F. Welch, first director; J. B. Reeves, second director; H. H. Rigge, third director; W. G. Walter.

THE GERMAN CHURCH BALL .- The ball given by the German ladies of Charleston for the benefit of the new German Church took place at the Freundschaftsbund Hall last evening, and proved a most gratifying success to the fair hostesses. The evening was most propitious, and at an early hour the handsome hall began gradually to be filled with crowds of white dresses, bright eyes, blue ribbons and smiling faces. The favorite waltzes and dance music, as discoursed by the veteran Muller, were more attractive than ever, and the lighthearted dancers glided over the polished floor with an enjoyment heightened by the long interval since the last ball. The courteous committee were omnipresent, and performed their arduous duties in a manner which was appreciated by all visitors, and won the admiration of all the fair ones whom they assisted. With these advantages the night sped rapidly away, and, with a reluctant sigh, the votaries of Terpsichore left the scene of their pleasures as hope that we may not long be denied the pleasure of again listening to another such entritainment as was afforded us by the honorable gentleman, at the Opera House, last Sabbath evening.

Terpsicalore left the scene of their pleasures as the small hours of morning drew on. The ball was a brilliant success of the ladles, and may it be a substantial aid to the good work in view. THE CITY COUNCIL.

No Quorum-An Invitation to the Dedication of the New German Church.

There was no quorum of the aldermen last evening, and consequently no meeting of the City Council. The following invitation has been received by the Council to attend the dedicatory services of the new German Lutheran Church, on King street, which are to take place on the 28th instant:

CHARLESTON, March 18, 1872. To the Honorable the Mayor and Council of our City: Your honorable body is most respectfully

Your noncrante body is most respectfully invited to participate in the solemn dedication of the new German Church, and to join the procession at the old Church. Hasel street, on Thursday, March 28, at nine o'clock A.M. The undersigned committee will in due The undersigned committee will in due time transmit programmes to your honorable body. Most respectfully and sincerely, L. MULLER, Pastor of German Lutheran Church. C. Voict, Chairman, W. Ufferhardt, Secretary.

THE ST. JOSEPH'S LATIN SOCIETY .- The St. Joseph's Latin Society celebrated their first anniversary yesterday morning by a parade. The society, which only formed last year, has been gradually increasing in numbers and prosperity until yesterday, when they made their first appearance in public. The members, to the number of forty, assembled in citizen's dress at the H bernian Hall, the members wearing badg-s composed of their respective national colors, and embroidered with two hands clasped and with the words "St. Joseph's Latin Society." They formed a procession at about eight o'clock, and headed by Muller's fine band marched up Meeting street and through Weatworth to St. Peter's Church, where high mass was celebrated. Their chaplaio, the Rev. A. M. Folchi, officiated, and delivered a brief and appropriate address. At the conclusion of this the procession was again formed, and marched through East Bay and Market and Meeting streets to the Hibernian Hail, where the members dispersed, to assemble again in the evening.

At half-past seven o'clock, the society again met at Hibernian Hall, and, after transacting the regular business, elected the following officers for the ensuing year: George Jefferson, president; Emanuel Buero, vice-president; Raphael Ruggero, secretary; Peter Jacobi, treasurer; Ellas Sablich, assistant secretary. At the conclusion of their business, the members partcok of a handsome collation. A vote of thanks was 'passed to Signor Angelo Ferrara for the manner in which he had discharged his duties as caterer, and the evening was pleasantly spent in toasts and sentiments appropriate to the occasion.

The St. Joseph is a society organized for the benevolent purpose of attending upon and alleviating the sufferings of the families of its members, and accomplished much good during the past summer. The anniversary yesterday served to bind the members more closely together, and the society bids fair to become the standard organization of the Latin race and their descendants in Charles-

MPORTANT TO PLANTERS AND FACTORS.

### MIDDLETON'S FISH AMMONIATED PHOSPHATE. This excellent brand of FERTILIZER comes before the public well recommended. Having been prepared with great pains and best materials, its adaptation to the crops of this section is unsurpassed, the evidence of which is furnished by the following testimonials of Professor SHEPARD and

. B. BISSELL, Esq., which we annex as follows:

OFFICE OF THE STATE INSPECTOR OF FERTILIZERS, March 31st, 1871.

Messrs, J. A. Ensions & Co.: Gentlemen—Erclosed please find the analysis of the sample of "Middleton's F.sh Ammoniated Phosphate," selected by my assistant from the cargo just arrived. The large amount of organic matter, rich in ammonia, and the highly soluble condition of the phosphoric acid, are sufficient recommendations for this arricle. I feel sure that the planter will be benefited by its judicious application to cotton and other crops. Respectfully, your obedient servant, (Signed)

O. U. SHEPARD, JR., M. D., Inspector of Fertilizers for South Carolina.

Messrs, J. A. Ensions & Co., Agents Middleton's Fish Ammoniated Phosphate: Gentlemen—I experimented with the one ton of Middleton's Fish Ammoniated Phosphate: Gentlemen—I experimented with the one ton of Middleton's Fish Ammoniated Phosphate which I procured of you, and beg to state that I applied it to Rice alongside of the Phosphatic Manures manufactured in this city and vicinity, and the result was decidedly in favor of your Fertilizer.

I have not yet threshed my crop, and cannot, therefore, furnish you with the difference in yield, but the growth and vigor of the stalk proved to me the superiority of Middleton's Fish Ammoniated Phosphate over the other Fertilizers used. Very respectfully, yours.
